### TRUSTEES' MEETING

ATTORNEY WILL APPLY TO R. R. COMMISSION FOR PHONE RATE REDUCTION

The Board assembled at 8:05 p. m. August 7, 1919. Present: Trustees Henry, Jackson, Shaw, Muhleman. Absent: Trustee Woodberry.

Minutes of the regular meeting of July 31st and of the adjourned meeting of August 2, 1919, were read and approved.

#### Applications

Application was presented from E. L. Osborne for permission to do street work by private contract, consisting of the construction of a cement sidewalk on the east line of lots 18 and 19 on Columbus avenue, between Broadway and Wilson. The application was approved by the City Manager, in the absence of the City Engineer, and on motion of Trustee Henry was granted.

#### Petition for the Improvement of Oak Street

A petition was presented from Frederic A. Clark and thirty-four other residents and property owners on West Oak street, asking for the improvement of that portion of said street lying west of Central avenue. On motion of Trustee Shaw, it was ordered that action on the same be postponed until such time as a new water pipe main can be laid on that street; the city manager to inform the petitioners of the action of the Board and the reasons therefor.

#### Petition from Residents of Sycamore Canyon

A petition was presented, signed by Charles Olson and other residents of the City of Glendale, who had been obtaining their domestic water supply from the Sycamore Canyon Water Co., stating that it is not now possible to obtain water from said company, and asking that the city supply the same to them and a few other water users in the same vicinity. On motion of Trustee Henry, the petition was referred to the city manager.

#### Disposition of Sewerage in Business District

A communication was read from the city manager in reference to the matter of the disposition of sewerage in the business district of the city. He called attention to the fact that about three years ago a plan had been worked out in detail and submitted to some of the property owners in the business district, for constructing a septic tank in the alley west of Brand boulevard, north of Harvard street. He stated that the plan seemed to be quite feasible at the time, and he (Continued on Page 4)

### SUMMER SHOWER

#### MISS RUTH WILLIAMS COMPLETED BY MEMBERS OF "THE LUCKY THIRTEEN"

An unusually charming social affair and miscellaneous shower was given Thursday evening by Miss Vera McPherson, assisted by her mother, Mrs. H. A. McPherson, at their home at 416 Pioneer Drive, for Miss Ruth Williams, whose marriage to Lorenzo Reifenberck is to take place August 27th.

The guest list was confined to members of the "Lucky Thirteen" and a few intimate friends of the honoree outside of the club. Games of "Bunco" occupied the early part of the evening and about 10:30 dainty refreshments were served, the guests being seated around a big table where a pink and yellow color scheme was effectively carried out with dahlias which centered the table and with other pretty accessories.

Immediately following the supper the guest of honor was dispatched on a hunt for the shower along a trail blazed with quaint verses, the first being:

"When eats are finished go look if you dare,  
In the cellar's black depths on the lowermost stair."

On reaching that point in the trail another verse similar in character was found to guide her to the next stage. Miss Williams is one of the most beloved members of the "Lucky Thirteen" and one of the most popular young women of Glendale. It is not surprising therefore that her friends were delighted to have the opportunity to show their regard for that she was the recipient of many beautiful and useful gifts.

The participants in the party besides the guest of honor were: Mesdames C. N. Williams, Noble Ripley, Melvin M. West and J. McKelvey, Misses Dorothy Hobbs, Essie Hamilton, Olive Williams, Ellen Webber, Alice Gray Beach, Lura Hibben, Dorothy and Margaret McPherson, Dorinda Haviland, May Church and Mrs. Harold Young.

### PURE GLENDALE WATER

DR. THOMPSON DENIES FALSE STATEMENTS ATTRIBUTED TO HIM

To refute mis-statements that are circulating in Glendale relative to the purity of the city's water supply, the following over the personal signature of the Health Officer of Glendale has been furnished the Evening News for publication:

(Copy)

Dr. Raymond E. Chase,  
Flower Building,  
403 1/2 South Brand Blvd.,  
Glendale, California.

August 7, 1919.

To the Editor of the Glendale Evening News, Glendale California:—  
Rumors have been circulated throughout the city that we are having cases of typhoid fever in Glendale with the statement that they originate here. We have but one case in Glendale, and that one was brought here from Taft after the patient became ill with the disease.

A physician has been quoted as saying that our water is contaminated with typhoid germs. I have received the following signed statement which refutes this:

"Dr. Chase, Health Officer, City of Glendale, August 6, 1919.

"A report seems to be current in Glendale that I made a statement that your water supply was contaminated with typhoid germs. This is untrue, as I know nothing of the water only as reported.

Signed  
"DR. E. H. THOMPSON,  
"Burbank, Calif."

I feel that this statement should be published in order to prevent a misconception of our sanitary conditions from being spread.

Respectfully,

R. E. CHASE, M. D.,  
Health Officer, City of Glendale.

#### CAPTAIN R. D. WHYTOCK PROMOTED TO MAJOR

Dr. J. E. Whytock of 411 North Jackson, recently received a letter from his son, now Major, late Captain, Roslyn Duff Whytock, of New York City, enclosing a clipping from the Evening World telling of the promotion. The article was headed by a picture of the major. His early military training was with the New York National Guard and later he was captain and adjutant of the 1st Missouri Infantry of the National Guard of that state. Then he became connected with the New York Evening World and gained intimate knowledge of the port through years of service as ship reporter for that paper. Two years ago he became military control officer of the port and in that position has checked up all incoming and outgoing passengers and performed hundreds of other tasks of the utmost importance to the government. His efforts to see service abroad were disregarded because his services were of too great value on this side. His promotion to the office of major came as a surprise to him.

#### RETURNING FROM NEW ZEALAND

J. H. Flower looks for the return of his wife and daughter, Annie May, about the first of September. She has toured New Zealand and its adjacent islands quite thoroughly, but not at the best season of the year and seems not to have derived the benefit she hoped to find. Her husband thinks she makes a mistake in not completing the year which she planned for the tour that she might see New Zealand under its most favorable conditions. It is the pleasure ground of Australians, Mr. Flower says, who visit it in large numbers because of its fine climate, there being little or no arid territory in the island.

Mr. Flower has started his promised building operations with a house on "Eighth street"—the extension of Maple avenue just being cut through by the city from Glendale avenue to Verdugo Road, which he says will be quite a street when it is completed.

#### REMINDS HIM OF OIL BOOM DAYS

A Glendale resident, who lived in an Illinois town when the oil boom struck that section of the state, says that scenes in Glendale now are much like those in the oil city then, as regards the scarcity of houses to rent. Oil men flocked in by scores and after permanent offices were established an army of clerks, drillers and day laborers came on and there was a great scarcity of houses to rent. Just as it is now in Glendale, many of these men bought residences simply because they could not rent any. It is safe to say that 200 new houses would hardly satisfy the demands of people fairly longing to locate in this beautiful city, so splendidly located between sea and mountains.

### PACIFIC FLEET DUE AT SAN PEDRO AT TWO

PACIFIC HARBORS TO BE IMPROVED TO MEET NEEDS OF FLEET, SAYS SECRETARY DANIELS

(Special Service to Glendale Evening News)

SAN DIEGO, Aug. 8.—Secretary Daniels today declared that the arrival of the Pacific fleet will be followed by a study of the condition of all harbors from San Diego to Washington with a view to their improvement to meet the needs of the navy.

The newspapers here maintain they have been informed that the fleet will spend most of its time in Southern waters and make San Diego its headquarters. Officers refuse to discuss the subject on account of the well-known rivalry of coast cities.

An athletic tournament is the chief feature of today's program. Secretary Daniels will speak publicly tonight. The fleet will arrive at San Pedro at two o'clock tomorrow afternoon.

### MURDER RAMPANT IN HUNGARY

BOLSHEVÍKI SLAUGHTERING THE BOURGEOISE POPULATION IN SOUTHWESTERN HUNGARY

(Special Service to Glendale Evening News)

PARIS, August 8.—King Ferdinand of Rumania has entered Buda Pest. It is reported that although the allies are maintaining order in Buda Pest, the Bolsheviks have seized southwestern Hungary and have started to slaughter the Bourgeoisie population. Hundreds of secret murders by the Bolsheviks are becoming known. Abraham Kohn, under arrest, boasted that he had murdered eighty under orders from Bolshevik leaders.

### WHY UNIVERSAL SERVICE?

SENATOR JOHNSON DOES NOT SEE WHY UNIVERSAL PEACE REQUIRES INCREASED ARMY

(Special Service to Glendale Evening News)

WASHINGTON, August 8.—Senator Hiram Johnson of California in discussing the War Department's universal service plan today declared that "peace conscription at the cost of a billion dollars a year is the price that we are to pay for the League of Nations. Does universal peace bring with it universal training? I do not see why, when we are facing an era of universal peace we should have an army many times larger than ever before."

### BIG 'FRISCO JEWELRY ROBBERY

BANDITS COVER CLERKS MOVING WINDOW DISPLAY AND MAKE OFF WITH \$100,000 IN VALUABLES

(Special Service to Glendale Evening News)

SAN FRANCISCO, Aug. 8.—Three armed men, one of them masked, entered the Morgan Jewelry Company's Market street store while clerks were moving a window display of jewelry from the safe to the window, and forcing the clerks to lie on the floor behind the counter, took \$100,000 worth of jewelry and diamonds and escaped in an automobile. The police have found no trace of them.

### INCREASE OF TRADE VESSELS

AMERICAN MERCHANT MARINE INCREASED 382 PER CENT. ENGLAND'S DECREASED

(Special Service to Glendale Evening News)

LONDON, Aug. 8.—Lloyd's Register, just issued, shows that the American Merchant Marine has increased 382 per cent. in the last five years, that the Japanese marine has increased 36 per cent., while England's has decreased 13 per cent.

### RAILWAY SHOPMEN RETURN TO WORK

INFLUENCED BY LETTER OF PRESIDENT REFUSING TO CONSIDER WAGE DEMANDS UNTIL STRIKES END.

(Special Service to Glendale Evening News)

WASHINGTON, Aug. 8.—Telegrams to the American Federation of Labor received this morning indicated that striking railway shopmen had started returning to work following the President's letter declaring that he would not consider wage demands until the strikes ended. The strike was not authorized by union officials but approximately eighty thousand men went out.

### SENATE TAKES HAND IN MEXICAN AFFAIRS

(Special Service to Glendale Evening News)

WASHINGTON, Aug. 8.—Following a favorable report by the Foreign Relations Committee, the Senate today passed a resolution directing the committee to investigate the Mexican situation, particularly damage and outrages against American citizens, and to recommend remedies. Senator King of Utah fathered the resolution which was passed without debate.

The Foreign Relations Committee is fully empowered to subpoena any witnesses needed and to investigate "any matter in derogation of American rights."

### A CITY RANCH

TRACT OF NEARLY THREE ACRES IN HEART OF GLENDALE VEGETABLE GARDEN SPOT

In the very heart of what was once Tropic there is a small ranch, 2.7 acres it measures, yet for productive-ness it vies with many a 40-acre farm in the East; all due to intensive cultivation. One would think from a cursory glance at this garden spot in the midst of a busy city, that it was presided over by a young, vigorous man with one or two helpers. But the visitor's surprise may be imagined when he is greeted by a gray-bearded patriarch, a trifle bent, it is true, but still a fine figure of a man, who has sole charge of this place of 150 feet frontage on Central avenue at No. 1203 and running back almost 800 feet along Palmer avenue. H. W. Myers is the owner and he has made of it a veritable fruit and vegetable ranch. There are orange, lemon, peach, pear, plum and other fruit trees, also blackberries and strawberries. In the garden beans of various kinds, corn in all stages of growth from the tender shoot to the full-size roasting ear, tomatoes, cabbages, sweet and Irish potatoes, and other vegetables are seen, well cultivated, clear of weeds and thrifty of growth. Mr. Myers puts in all his time on his beloved garden and fruits, calling for assistance on the heavier work alone. He picks all the fruit he sells and that takes in early and late Crawford, Alberta and Cling peaches, Satsuma plums, pears, lemons and oranges. He has a two-inch hydrant for irrigation purposes and a trough extending the entire length of the place with laterals at convenient places. He has been a resident of Glendale for 14 years and set out most of the trees that are now yielding him fruit.

He has another and smaller place on Park avenue, between Central avenue and Brand, where are some very fine Orange Cling peaches that measure, many of them, 14 inches in circumference and weigh 13 to 14 ounces each. The trees bearing them are more than 25 years old and have never been irrigated till this year. They show the good effects of it, Mr. Myers says, and he regrets he did not irrigate them before, instead of simply cultivating the ground. There are some very fine Free Stone peaches and Satsuma plums on this place, too.

Mr. Myers says he has had his share of trouble from the garden pests, his tomato vines and beans, in particular, suffering greatly. He uses black leaf 40 for the red spider on the bean vines, he says.

#### NEW RESIDENTS

C. A. Kohr, who recently came to California from Denver, Colo., with his wife, and located temporarily in Los Angeles, has bought the new house recently erected by S. S. Klapner, at 534 North Louise, and his son-in-law, Harry D. Chase, who recently took charge of the garage and repair shop at 137 N. Maryland, has purchased from the same owner the property at 358 N. Louise. The Chases will move in next week and the other family by Sept. 1st.

#### ANOTHER BLUE RIBBON WINNER

Mrs. Allen N. Fairchild of 221 Arden avenue, is also in the winning class, being the fortunate possessor of a wire-haired Fox Terrier only seven months old which captured the blue ribbon in the puppy class for his breed at the Santa Barbara Show. Mrs. Fairchild confirms the reports of others who attended the show and declares it was one of the best that has been held on this coast for a long time, with 272 entries of very high class dogs. She considers it a wonderfully good location for such an event as it is easily reached from either the north or the south, and there are so many fine dogs in and around that city that shows are encouraged and patronized. The wire-haired terriers are very popular in England and are coming to the fore in this country, Mrs. Fairchild says. They are not beautiful, but intelligent, full of pep, affectionate, and make good watch dogs. Their average weight at maturity is 18 pounds.

#### NOTED VIOLINIST LOCATES HERE

Arthur Gramm, the prominent New York violinist, has taken up his residence in North Glendale. He has purchased the home of Richard Eble, 1142 Campbell street. Mr. Gramm in connection with Homer Grunn, the celebrated pianist and teacher of Los Angeles, will be heard in recitals during the coming season.

WEATHER FORECAST—Fair tonight and Saturday.

### ROSCOE WATER FAMINE

RANCHERS THREATEN TO SUE L. A. FOR FAILURE TO DELIVER OWENS RIVER PRODUCT

A subscriber living in Roscoe visited the office of the Evening News this week on business and when asked about conditions in his community said its most serious trouble was shortage of water, a statement somewhat surprising to hear because Roscoe became a part of Los Angeles three years ago for the special purpose of getting an abundant supply of Owens River water. Residents waited with more or less patience for a year before being given connections when they expected to have good service and all the water they were willing to pay for; but they have been bitterly disappointed and are not getting half enough with no prospect of relief. A great deal of truck gardening is being carried on there, especially the growing of tomatoes, and with the failure to secure irrigation water, the ruination of their crops and loss of their labor facing them, some of the growers are already discussing suing the city for its failure to make good on its promises.

Hanson Heights is beyond Roscoe at a higher level. The contention of the L. A. water officials is that they cannot serve Roscoe without robbing Hanson Heights, hence Roscoe must content itself with about fifty per cent. of the water it desires. Whether this shortage of supply is due to the small capacity of the main service pipe or to a shortage of supply from the Owens River, the Roscoe citizen was not prepared to say with any certainty. He said, however, he had heard that because of light rainfall in the mountains the Owens River was not delivering the customary amount of water to the reservoir.

He said also that in the event of the annexation of Glendale to Los Angeles the delivery of Owens River water would undoubtedly be expected and if this city was depending on that pipe line they could now form some idea of their chance of getting any. A high line to serve this and other communities, he admitted, would be a possibility but a very expensive one for the districts assessed.

#### CAME TO VISIT, REMAINS AS RESIDENT

S. W. Fenton, for seven years chief of police of Cleveland, Okla., a thriving city of 4000 in the oil belt of that state, was recently granted a two months' vacation and promptly decided to visit California, on account of his wife's health. They had heard of Glendale and their first visit here so delighted them that they decided to locate so Mrs. Catherine Landray's bungalow at 606 Vine street was purchased and will be occupied by them next week. Mrs. Fenton, accompanied by the daughter and only child, is visiting a brother in San Bernardino for a few days. Mr. Fenton bought the furniture with the house so the family can go to housekeeping at once. He will go back to Cleveland as soon as his two months' vacation expires, resign his position as chief of police, dispose of his property and come back to Glendale to live. He was formerly in the newspaper business, having established Cleveland's first weekly in partnership with a friend.

#### WILLARD BROWN RETURNS

Old friends of Willard Brown, a graduate from Glendale High, who went overseas to work in the mines of Korea, were surprised when he called Thursday evening at the home of Miss Vera McPherson while she was entertaining members of her class, "The Lucky Thirteens," with a shower for Miss Ruth Williams. Until he put in an appearance they did not know he was in this part of the country, but he was made very welcome. His home is in San Francisco, but he is the guest of friends in Los Angeles.

## GERMAN DUEL PASSES WITH OLD ORDER

By the abolition of the military court of honor the German national assembly at Weimar put an end to the legal authorization of the duel in Germany. As dueling had already been forbidden by law in practically every other civilized nation the action of the German assembly means the passing of all legal recognition of this ancient method of settling disputes or questions of honor. The old conservative parties, which considered the duel as a means of discipline in the army, bitterly opposed the enactment, but their opponents prevailed and won a fight which the socialists really began in 1912 against the kaiser himself.

The court of honor was a council, made up of three officers of different ranks, before which a German officer who became involved in a difficulty with a brother officer was bound to present the circumstances as soon as he had given or received a challenge. It was a court with which the German civilian had nothing to do. If he was pushed off the sidewalk assaulted or kicked by one of the lordly representatives of Imperial German military power, or if he was struck with a sword he took himself to some other court.

## Common Causes of Tire Injury

Tips That Will Save You Dollars  
By M. D. BIXBY  
Los Angeles Branch Manager, B.F. Goodrich Rubber Co.

### FAULTY ALIGNMENT

On the tire in the accompanying illustration you will note the tread is worn to the fabric. This is a very common condition, and is caused by the wheels being run out of line. It usually occurs on the front wheels, affecting both tires alike, although sometimes one tire only is affected. Improper adjustment of the steering apparatus, or a bent knuckle or axle is responsible. Under either of these conditions the tread will wear away in a remarkably short time.

In one special instance after an axle had been slightly bent, as result of an accident, the two front tires were worn entirely through, and the inner tubes blew out in the short space of fifty miles. The wearing off of the treads, of course, will be in proportion to the seriousness of this condition. It sometimes is so slight as to make the wearing off of the treads almost imperceptible.

It is to be assumed that all cars are received from the manufacturer in perfect alignment, but after being run a while, the steering gear, if not watched very closely, is apt to become affected. To aid this steering, the front wheels are permitted to "toe in" just a little, but if allowed to do so to any marked degree, this condition is bound to result.

As a matter of precaution, the motorist should have a reliable garage man inspect the wheel alignment of his car at regular intervals.

## JOLLY STAG DINNER

**ED SEAY HOST AT REUNION OF CLASSMATES TO HONOR SERGT. EGBERT POLLEY**

Ed Seay of 1115 San Rafael Ave. was host Thursday evening at a stag dinner, and a most delicious one by the way, provided by his mother, in honor of their house guest, Sergeant Egbert Polley, a former instructor in athletics at the Intermediate School, and a favorite teacher of the young men guests, most of whom were graduated from the same class in Glendale Union High. The Seay family is celebrated for its hospitality to the boy friends of the son of the house. They were therefore very much at home and ready to thoroughly enjoy the informal reunion with Sgt. Polley and with each other. Half of the boys had returned from strenuous and dangerous service overseas and in the light of that fact their reunion in perfect health and spirits was the more remarkable. Included in the guest list were Howard McGillis and Miller Fishel, who were in artillery service abroad, Earl Brown, Will Rees and Merle Eckles who were with aviation forces abroad, Harry Spink, also with the A. E. F., Will Balthis, Carlton West, Raymond Crandall, "Brick" Beach, the guest of honor, Mr. Polley, the host, Ed Seay and his father, R. W. Seay. The table was centered with pink roses and ferns, but was quite informal in its appointments.

A jolly evening followed the dinner in which the boys sang old and new songs and talked over old times. Sgt. Polley, who has been considerably entertained by his old friends, is leaving Sunday for the north to resume the work as a teacher which he resigned when he entered army service from which he has been but recently discharged.

Mrs. Lawrence Ellis of Seattle, Wash., who has been a Glendale visitor for some time, was a guest the past week of Mr. Ellis' mother and sister on South Normandie avenue. The mother is ill with heart trouble.

Mr. and Mrs. James A. Farrell of 1123 East Broadway intend to start for San Pedro to see the fleet "at 5 a. m. in the morning," but when they'll get back is a problem owing to the certain congestion of the roads the next two days.

Miss Dorothy Sherman of 410 Vine St. entertained a few of her school friends last Wednesday afternoon in honor of her house guest, Miss Florence Pollard, of Redlands. The guests present were Misses Henrietta Somers, Anne Studinski and Frances Gauntlett.

Mrs. Laura Pitts and mother, Mrs. J. G. Henry, mother of Trustee Chas. Henry, have leased the home of Mrs. Stocks at 224 South Jackson street. Mrs. Pitts' uncle, M. P. Coats, and daughter, Mrs. John Morgan, from her old home town, Waco, Texas, are her guests.

Mrs. A. L. Burson and baby of 521 South Louise street have returned from a very pleasant week at Santa Monica with a party of friends which included her sister-in-law, Mrs. G. E. Burson and Mrs. Head. This week she has been entertaining her aunt, Mrs. C. G. Wolf, of Riverside, and her cousin, Mrs. George Wickham, of Council Bluffs, Ia.

W. B. Kirk and family are taking their vacations in short trips. Saturday they attended a "Provident" picnic at Redondo; Tuesday and Wednesday they spent in a delightful auto-trip to Santa Barbara, combining business with pleasure. Wednesday took them to Ontario and today they are in Long Beach. Mr. Kirk expects to take a two or three weeks' trip to Philadelphia and New York at the company's expense, in October.

Major J. J. Weiler, who has been attending the G. A. R. Encampment at Huntington Beach, was taken suddenly ill there. After receiving medical attention he was able to get to the home of his daughter, Mrs. Jos. Griffin, of 205 West Acacia avenue, where he suffered another attack which made necessary the immediate attention of a physician. He is quite ill, but his friends hope the worst is over.

Mrs. W. W. Burton of 114 South Orange street has returned from a very pleasant outing in the north during which she visited friends in San Francisco and Reno and drove with them by auto from the Nevada side to Lake Tahoe where she spent two weeks and where she secured some beautiful photographs of scenery. She says the 47-mile stretch of mountain road between Reno and the lake via Truckee is fairly good but hard on tires because of the sharp, broken rock.

## WORSE HURT THAN FIRST SUPPOSED

According to the Burbank Review, Forrest Neely, manager of the Burbank Music Co., was considerably worse injured than first supposed in his mix-up with a big touring car at Brand and Harvard St. last Saturday. Two ribs were broken and two cracked and there were severe cuts around the left eye and above it, from broken glass. It was feared at first he would lose the sight of the eye, but this proved unfounded, it appeared later. In spite of his injuries Mr. Neely was on duty Monday morning. The Burbank Music Co., of which he is manager, is a branch of the Glendale Phonograph & Piano Co.

## SURPRISE PARTY

**MRS. T. D. OGG ENTERTAINS WITH INFORMAL RECEPTION FOR MRS. G. F. LATTER**

Mrs. Thomas D. Ogg of 301 North Kenwood street entertained Thursday afternoon with a surprise party for Mrs. G. F. Latter, of 1234 Boynton street, who leaves with her daughter next week to join her husband in San Francisco. About twenty-five ladies were present to enjoy an informal social afternoon in the charming home of the hostess which had been beautifully decorated with dahlias in a variety of colors from her own garden. Refreshments were served at the close of the afternoon, the guests enjoying Mrs. Ogg's hospitality being: Mrs. C. E. Reed, Mrs. W. W. McElroy, Mrs. Sanford, Mrs. Charles and Mrs. Roy Kent, Mrs. O. Howard, Mrs. H. Lore, Mrs. Olin, Mrs. Pollard, Mrs. O. T. Walker, Miss Goss, Mrs. Harry Chase and daughter, Mrs. Frank Marsh, Mrs. J. R. Bright, Mrs. Burns, Mrs. Good, Mrs. Bennett, Mrs. Wood and Mrs. Rowe. Earl Brown from Fresno was a caller during the afternoon.

## HOME FROM BIG ENCAMPMENT

B. F. Patterson of 131 North Belmont is home from the Annual Encampment of the Southern California Veterans' Association, held at Huntington Beach, and says it is the finest ever. It closed Thursday night. Mr. Patterson says that when the veterans were younger and engaged in mercantile business or ranching they would go to an encampment for two or three days only, then worry constantly for fear the business or the ranch was not being run properly. Now they have thrown off all such cares and can enjoy to their hearts' content the entire session, taking their children and grandchildren along with them. On the night the Santa Ana Post gave its entertainment one member of that post had with him on the stage seven great-grandchildren. Mr. Patterson helped organize the Southern California Veterans' Association 32 years ago and instituted N. P. Banks Post of Tropic-Glendale 27 years ago, so he feels he can speak with authority on the old soldiers' affairs.

He is the last of the boys to return and all of us are rejoicing that the number is complete, not one lost their lives in this terrible war. ### TRUSTEES' MEETING

(Continued from Page 1)

is still convinced of its practicability. The communication recommended that a consulting sanitary engineer be employed by the city to assist the city engineer in working out a plan along the line suggested for the disposal of sewerage in the business district; and also in this connection to secure from the said engineer a general report on the best method of sewerage disposal for the entire city. On motion of Trustee Shaw, the city manager was instructed to investigate and report the cost of securing the services of a consulting engineer, as recommended by him.

### Reports

Reports were presented and ordered to be filed from the city treasurer and from the building inspector.

### City Clerk

The city clerk stated that he had filed with other applications the application of Horace P. Hill for refund of taxes on property in West Glendale which has been assessed both by the city and the county.

The clerk reported that a title company was making inquiries as to the cost of redeeming lots 6, 7 and 14 in the Max Muir Tract, which had been sold for delinquent taxes and a deed issued to the city. On motion of Trustee Shaw, the matter was referred to the city manager and the city attorney.

### City Manager

The city manager reported that he had placed the budget for the fiscal year beginning July 1, 1919, in the hands of the finance committee.

He brought before the Board the matter of the request presented to the Board some weeks ago by Mr. Anderson, for permission to remove certain pepper trees in front of his property at the corner of Los Feliz and San Fernando Road. On motion of Trustee Jackson, permission to remove the trees was granted.

**Result of Treatment of Water Supply**  
City manager reported that the treatment applied to the pipes of the water system appears to have been perfectly successful as no further complaints have been received from consumers as to quality of the water.

### Budget Accepted

On motion of Trustee Henry, it was ordered that the budget submitted by the city manager for the fiscal year beginning July 1, 1919, be approved and adopted.

### City Attorney

The city attorney made a report on the matter of taxes referred to him some weeks ago covering the manner in which the same should be handled in the accounts of the city.

### Telephone Rates

He reported in regard to the telephone rate situation that as the public had been informed through the daily press, the wires had been turned over by the government to the private owners on August 1, 1919, and that the Railroad Commission had notified the Telephone Company to appear before that body on September 2, 1919, and show cause, if any, why the telephone rates in certain places, as established under the direction of Postmaster General Burleson, should not be reduced; the Burleson rates in the meantime to stand. Trustee Shaw offered the following resolution, which was on his motion adopted on roll call.

"That the city attorney be instructed, as soon as the law will permit, to prepare and file with the Railroad Commission an application for the reduction of the rates of the Pacific Telephone & Telegraph Company for local exchange service in Glendale, and for long distance service to Los Angeles, to the rates in effect prior to the taking over of the telephone systems by the United States Government, and to resist any efforts made before said Commission by said company to maintain the present rates, in response to an order to show cause issued by the Railroad Commission."

On application of city treasurer, he was allowed a vacation of two weeks, beginning August 11, 1919.

Permission was also granted the chairman of the Board to absent himself from the next two regular meetings.

John R. Day, of Glendale, has purchased the McNamara place on Los Angeles street. Who did he purchase from? Why Dean & Co., the wide-awake hustlers of Tujunga.

It has been reported that there is no opposition to the annexation question here. This is a mistake as a number of protests to be left out have been sent into the office of Mr. Mulholland.

Take a compact cut of corned beef, tie closely, place in a deep pot, cover with cold water and boil quickly, removing all scum. When no more scum rises add vegetables peeled and cut in thick slices: 2 carrots, 4 beets, 5 turnips, 6 small onions, head of celery. Simmer slowly for two hours. Other vegetables may be substituted if preferred. Beets may be boiled separately without breaking the skin. To serve place meat in center of platter, arrange vegetables around the edge and pour the gravy over all.
